The employment reserve now has 270,000 ship yard workers enrolled.

As a result of an attempted air raid on Paris Tuesday night, the defense brought down five planes and one bombarding machine.

By a joint proclamation of the President and Governor, tomorrow will be a half-holiday to work for Liberty Bonds.

Count Czernin, the deposed Austrian minister, didn't stay at the front long. He is to be sent as Ambassador to Berlin, which will probably cure him of his peace ideas.

The Daughters of Isabella, a Roman Catholic organization, with 30,000 members, has purchased a home in Washington. War activities will occupy much of their time.

A couple of Hindus, Ram Chandra and Ram Singh, fell out in a San Francisco and fought their differences out in a court room until both were killed. Both Rams were evidently black sheep.

Under a new order, farmers who make affidavit that they are tilling the soil are not to be taken in the draft April 28 and May 6. If, however, the man thus exempted quits the corn row he automatically qualifies himself for the trenches.

Forty-two young men are to be selected for army service Saturday and will leave Sunday morning. Three of the young men summoned have been married since they were registered--Vernon Pepper, Cyrus Williamson and Herbert Williams. The last named was married yesterday.

Uruguay and Argentina are expected to declare war against Germany at an early date, according to Berlin advices forwarded from Amsterdam. The correspondent says the German newspapers have been notified to prepare the public for this development.

Senator Sherman, hailing from a State that is ashamed of the Mayor of its largest city, made an exhibition of his lack of patriotism Tuesday by indulging in a bitter tirade against Secretary Baker and other officials. There used to be a man named Sherman in the Senate who was a statesman.

The direct charge that Thomas Mooney and his associates were hired with German money to break up the preparedness parade in San Francisco by the use of dynamite, was made in the Senate by Senator Phelan, of California. He declared every investigation had shown that Mooney had a fair and impartial trial regardless of the assault on the courts by Mooney's friends.

Frederick C. Miller, German mayor of Michigan City, Ind., was arrested and locked up as an alien enemy when he went to Washington Tuesday to discuss with federal officials prospects for completing his naturalization. He took out his first papers before the United States went to war. He was arrested under the law which forbids enemy aliens to enter the District of Columbia.

FOLLOWING THE FLAG.

Dennis Jenkins Critically Ill.
Mr. L. T. Jenkins left last night for Hattiesburg, Miss., where his son, Sergt. Dennis Jenkins, is critically ill with pneumonia.

Sergt. Herndon Waller and Mrs. Waller, who had been on a visit to Mr. and Mrs. Bailey Waller, returned to Camp Taylor yesterday.

Dr. Sam Lander, who has been here on a visit to his parents, Mr. and Mrs. J. W. Lander, will return to Ft. Bliss today.

Errett Lipscomb, son of Mrs. Virginia D. Lipscomb, has volunteered for army service and asked for immediate assignment at the front. He is under the draft age.

State wool growers will meet in Lexington May 8.

HUN ATTACKS REPULSED

HOBSON PLAN IN EUROPE

BRITISH TRIED TO BOTTLE UP THE GERMAN SUBS IN THEIR BASE PORTS.

Sir Eric Geddes, speaking in the House of Commons, elaborated on the earlier Admiralty report that British vessels loaded with concrete had been sunk in the channels leading to Zeebrugge and Ostend. Though the First Lord of the Admiralty was unable to say whether the exploit had met with complete success, he praised the gallantry of the raiding parties that took part in the undertaking. He said the maneuver to bottle up the U-boats was made by six obsolete cruisers manned by forces of picked volunteers.

No less objective was sought than the blotting out at one sweeping blow of Germany's submarine menace from the bases at Zeebrugge and Ostend by the sinking across the exits from the harbors of large old-time cruisers laden with cargoes of concrete to make them more difficult of removal.

While full details of the attack have not yet been received, the information at hand is that two of the cruisers were blown up at the entrance of the Bruges Canal at Zeebrugge and another was sunk while passing in the canal. At Ostend two additional warships were run ashore and destroyed by bombs, but it is believed they failed fully to choke the channel.

In addition, considerable damage was done by the guns of the warships to works on shore at both places.

Volunteers were chosen by the British Admiral in command for the dangerous task, and a far greater number of men than could be used in the enterprise willingly came forward and offered their services for a maneuver which might be successful in riding the waters of menaces which had remained impregnable under the shore batteries, the guns of warships and the treacherous subal water outside.

One British torpedo boat destroyer was sunk by the German guns and four smaller craft are missing, while a considerable number of casualties on board the attacking vessels was suffered.

AN APPEAL.

Mr. Business Man, you had a short while ago a great opportunity knocking at your door. It may be knocking still; but, if so, the knocking seems to have lulled you to sleep. The Liberty Bond issue has been subscribed and more. The Red Cross drive has not begun. Now that there is nothing in the way to interfere with a bit of stir and the expenditure of some energy, every public spirited citizen and business man should immediately set himself to the task of securing for Hopkinsville the much needed CIGAR FACTORY which is so near, yet so far. Call a mass meeting and get together. Outline a plan to push on to victory! Do anything honorable and honest to win out. Wake up, Mr. Business Man, and renew your enthusiasm.

PARALYSIS CAUSES DEATH.

The wife of W. W. Cato, of the Consolation neighborhood, died Sunday night at the home of her son in Dawson, where she had been for several weeks for treatment. Death was due to paralysis. Mrs. Cato was about 65 years old and was before her marriage a Miss Glover, daughter of the late John Glover.

HONORS TO ENEMY AVIATOR

DURING BURIAL OF RICHTOFEN, AIRPLANES CIRCLE OVER THE FUNERAL PARTY.

A large number of British fighting men and aviation officers, as well as Americans attended the burial Monday of Capt. Baron von Richtofen, who was laid away in the grave yard of a little hamlet near Sailly-le-Sac where he was shot down in an air combat on Sunday. It was an impressive funeral, worthy of the greatest aviator yet produced by the central allies. No finer rite could have been performed had it been the premier allied pilot who lost his life, instead of this intrepid German whom all honored.

The thoughts of those who stood at the grave while the army chaplain read the beautiful church of England service were expressed in an inscription on one of the floral wreaths: "A valiant and worthy foe."

One particularly striking touch was added to the ceremony. As the chaplain took his place by the grave, a squadron of British airplanes came circling from all directions and throughout the service wheeled over the grave yard at a low altitude.

According to official German accounts of Capt. von Richtofen's end he was pursuing at a low altitude an enemy battle plane when apparently motor trouble forced him to land behind the enemy lines. As he made a smooth landing, it was hoped he had only been captured until the British reports were received announcing his death.

As Capt. von Richtofen was pursuing an enemy plane at the time, the accounts point out, he could not well have been hit by his opponent's fire and the belief is expressed that he was the victim of a chance shot from the ground.

GERMAN BORN BROTHERS CLOSE IMMENSE STORE TO BATTLE FOR COUNTRY.

(By International News Service.)

Chicago, April 24.—When the lights were put out the other night in the four-story apartment store of Moeller Brothers, here, the curtain went down on the first act of a stirring drama of patriotism.

The Moeller Brothers, John P. and Earl C., have offered up the million dollar business as a sacrifice on the altar of loyalty to the nation in which their father and grandfather, both German born, made their fortunes. Stock and buildings have been sold and the brothers now are awaiting daily the call to report for service in Uncle Sam's army.

For forty years the Moellers, grandfather, father and sons, have been building up the business, until last year its transactions totalled more than \$1,000,000. Three and a half years ago the father died and the sons took up the business, which at the time of its liquidation had over 150 employees.

PRISONERS REBELLIOUS.

Several hundred German prisoners employed on the handling and discharging of cargoes at a French port recently went on a strike because they were asked to assist in handling supplies from America to be used in war against their country, according to officers of an American ship who arrived today.

"The strike was instigated by some of the German officers who were acting as foremen," one of the Americans said.

"It did not last long, however, as a dozen or so Americans doing police duty assisted by French soldiers, promptly took the matter in hand. The German officers responsible were hustled away and the business-like night sticks, about the size of a baseball bat, carried by the American military police, conveyed a suggestion that it would be better for the Germans to reconsider, which they did."

Miss Emma Balee, of Guthrie, and Jno. C. Alexander, of Dixon Springs, Tenn., will be married next month.

FIRST DRIVE IN NEW ATTACK ON AMIENS SALIENT HURLED BACK, EXCEPT IN ONE VILLAGE, 84 PRISONERS ARE TAKEN BY THE ALLIES.

BERLIN CLAIMS CAPTURE OF HILL

(By International News Service.)

London, April 24.—The war office tonight issued the following statement: "An enemy attack upon the Anglo-French front south of Somme this morning was repulsed, but the enemy gained possession of Villers Bretonneux. Villers Bretonneux lies nine miles almost due east of Amiens. The statement also says the enemy attacks north of Somme and north of Albert were repulsed. An attack east of Robecq also was repulsed. Eighty-four Germans were taken prisoners.

Slight Gains At Nightfall.

Paris, April 24.—A night official report says: "After making heavy attacks the enemy succeeded in gaining a footing in the eastern outskirts of Hangard and Santerre about ten miles Northwest of Amiens, and in the wood to the north. Elsewhere the enemy was repulsed."

On the face of the late British and German official reports issued tonight the renewal by the Germans of the drive on the great Franco-British base at Amiens was a great failure. The Teutonic onslaughts were again launched in densely packed waves, with the chief weight thrown against

the junction of the French and British south of Somme, and beaten off virtually everywhere with heavy losses. The only gain the enemy admittedly made is due east of Amiens.

German Claims.

Berlin, April 24.—The German war office issued the following statement tonight: "Northeast of Bailleul we captured Clenghook Hill, and a number of French were taken prisoners."

Attack Aimed At Arras.

Following the fierce bombardment of Tuesday the third German drive was begun yesterday north of Amiens, the evident purpose being to push back the British line on the sector between the new salients at Amiens and Ypres. The British front was attacked for a distance of 20 miles. The probable goal of the Huns will be the important city of Arras. The first strong infantry attack was near Albert but the assault was repulsed by the British. The French also repelled an attack on their lines further South.

The British are still outnumbered, having sustained heavy losses during the past month of continuous fighting.

AMENDMENT NOT WANTED

WOULD HINDER THE PROSECUTION OF GERMAN SPIES AND SYMPATHIZERS.

(By International News Service.)

Washington, April 24.—The department of justice is fighting the proposed amendment to the sedition bill on the ground that it would hinder the prosecution of German propagandists. The amendment provides nothing in this act shall be construed as limiting the liberty or impairing the right of any individual to publish or speak what is true with good motives and with justifiable ends.

RYAN GETS IT.

(By International News Service.)

Washington, April 24.—John D. Ryan, tonight was named for director of aircraft production for the army.

The change in the personnel of men responsible for the production of aircraft is completed with the reorganization of the aviation section of the Signal Corps. A new division of this section, to be known as the division of military aeronautics, is created and will be under the direction of Brig. Gen. Wm. Kenly. He will be responsible for the training of aviators, and will direct their forces.

The selection of Mr. Ryan for the position of director of production came as a surprise in Washington. He was born in Michigan 54 years ago and besides being president of the Anaconda Copper Company is Director of a number of powerful banking institutions in New York.

ONE KENTUCKIAN.

Washington, April 24.—Only one Kentuckian is a graduate of the third series of officers' training schools for the 82d Division at Camp Gordon, Ga. He is John P. Pierceall, of Mayfield. At such time as a suitable vacancy occurs, he is eligible for appointment as a Second Lieutenant of infantry.

NEW GERMAN REVOLVER.

An American officer has brought in a new German revolver. It is a rapid-fire reambling a miniature machine gun, and made its first appearance against the Americans.

CALLS TO COME IN A STEADY SUCCESSION

ALL DRAFTED MEN IN FIRST CLASSES LIABLE TO BE CALLED IN 30 DAYS.

(By International News Service.)

Washington, April 24.—Record breaking calls for drafted men during May and June has been decided upon it was learned tonight. The army general staff, it is understood at the War Department, has already transmitted to Provost Marshal General Crowder an order to induct into the service next month a number of men which exceeds by far any monthly quota previously called. Other big calls will follow in rapid order as trained troops are being moved over seas at a surprising rate and new troops will be sent to the camps as fast as space is provided by the withdrawal of trained men.

AN INCREASE NOTED.

The Kentuckian stated in its Liberty Bond article yesterday that the First National Bank was accredited with 650 subscribers and a total of \$127,850 as the amount subscribed. This is as it was given to the Kentuckian by the County Chairman and as it was given to him. Yesterday afternoon it was discovered that an error had been made in computing the number of subscribers. The total subscribers up to last night was 850. A few of these came in yesterday with \$2,500 to be added to the total of \$127,850 already reported.

The Liberty Loan campaign is by no means closed and will not be until May 4. By that date Christian county should be able to report double her allotment of \$287,700. Keep the home fires burning by subscribing for a Liberty Bond. Only 8 per cent of our population has subscribed so far.

YOUTHFUL ELOPERS ARE HELD BY POLICEMAN, BUT "BRIDEGROOM" ESCAPES.

(By International News Service.)

Knoxville, Tenn., April 24.—Unable to find a justice of the peace in Faber, Ky., the last one having been by shrapnel and got thirteen wounds—the head, both arms, body and right leg. Outside of that I am O. K., so don't worry."

Such is the word received here from Corporal Arthur C. Trayer, of Co. D, 165th Infantry, Rainbow Division, by his father.

NON-FIGHTERS TO WORK.

Gen. Hale, commandant of the Lincoln Division at Camp Zachary Taylor, in an order organizing the conscientious objectors at the camp into the "159th conscientious objectors' detachment" has decreed that the drafted men opposed to war shall work.

GERMAN LIE NAILED.

(By International News Service.) London, April 24.—The claim made by the Germans that American aviators shot down had crossed the Atlantic on hospital ships as members of the American Ambulance service is denied by the British admiralty.

McCONNELL-BRADLEY.

Judge Champlin officiated yesterday morning at the marriage at the court house of Mr. Thos. B. McConnell and Miss Annie Mae Bradley, both of whom are employed at the Western State Hospital.

HAIL AT LAFAYETTE.

The LaFayette neighborhood was visited by a brief hail storm Tuesday evening, but the hail stones were not large enough to do any especial damage.

Some of the early bird farmers have finished planting corn.

Another April shower is promised for to-day.

A BIG HOLE IN THE MOLE

AVIATORS VIEWED THE RESULT OF THE RAID ON ZEEBRUGGE AND OSTEND.

(By International News Service.)

London, April 24.—A break twenty yards wide was blown into the inner end of the great Zeebrugge mole, by British Naval raiders yesterday, the admiralty announced tonight. This important result of the brilliant feat was definitely determined by aerial observers today. At Ostend aerial observers saw a sunken object between the piers blocking the greater part of the fairway, the admiralty's statement said.

The blockading of the greater part of the fairway, at Ostend, removes the last doubts of the efficacy of the British attack at the base.

OUR SERVICE FLAG

★★★★★★

A SOUTHERN HERO.

The American soldier in France
has the "endurance of the English,
the charge of the French and the pep
that belongs to the American alone,"
according to Lieut. Daniel C. Roper,
son of Internal Revenue Com-
missioner Roper. In a letter to his
father Lieut. Roper tells of the gal-
lant fight of a young South Carolina
officer named David, who, over-
whelmed by Germans, accounted for
seven of the enemy before he was
killed.

"You will be proud to know the
case of a South Carolinian, son of
Dr. David, near Clio, S. C. He was
overwhelmed by the Boches, but he
had a pile of human flesh in front
of him. He fought like a tiger—ac-
counted for seven Boches with his
pistol and then was fighting with an
empty rifle when struck from be-
hind."

The National Editorial Associa-
tion will meet at Little Rock,
Ark., on June 3. The Association
will be in session three days at Little
Rock and then go to Hot Springs,
where it will remain four days with
headquarters at the Arlington Hotel,
after which a special train will take
the members to all important points
in the state. They will be given
much attention and many banquets
and other classes of entertainment
will greet them.

Twenty-seven of the thirty-one
precincts of Henderson county re-
turned a majority of 558 votes
against the road tax proposition in
the special election held in the coun-
ty Tuesday. So much money is be-
ing wasted in road building in some
counties that the people generally
are getting more careful about put-
ting large sums of public money into
upper hands. In Pulaski county,
specially, something of a scandal
has resulted.

Speaking of the prominent part
the Irish potato is playing just now,
minds us of that beautiful little
poem reading:
De big sunflower nods above,
De modes' tater vine,
In lif his head up to de sun
An puts on airs so fine;
At when de summer days is gone
An winter howls about de door
De big sunflower—what am he?
Tis den de tater holds de floor."

Henry Ford was eliminated from
consideration for the post of Aircraft
administrator when he notified
President Wilson Tuesday that un-
der no circumstances could he ac-
cept the appointment. The place
was never officially tendered him,
was announced, but his name had
been frequently mentioned in con-
nection with the position.

WILL BACK UP THE BOYS AT THE FRONT

Written for the Liberty Loan Organi-
zation of the Eighth Federal
Reserve District.

By MILDRED S. McFADEN.
We are backing up the boys at the
front,
Our soldier boys, the flower of our
youth,
Who answered Freedom's call
And are gladly giving all
For liberty, for justice and for truth.

We are working for our heroes at the
front,
Who nobly bear the brunt of shot
and shell,
For, backed by love untold,
And bullets made of gold,
They will rescue all the world from
German Hell.

We are backing up our sailors on
the sea,
So gallantly standing by their guns,
Mid perils of the deep
Where deadly U-boats creep
To do the baneful bidding of the Hun!
We are backing up our birdmen at
the front,
Whose dauntless souls no sense of
fear can know,
Patrolmen of the sky,
O'er hostile lines they fly
To guard the guns on "firing line"
below.

We are backing up our service at
the front,
Where toll of pain doth mark each
victory won,
That nurse with Cross of Red
May hover o'er each bed
To soothe and comfort every mother's
son.

We are backing up our colors at the
front,
Old Glory shall never brook disgrace,
O lift it high and higher,
That its message may inspire
A spirit of world-freedom for the race.
To back our allied forces at the front
Is the urge of our Liberty Loan
campaigns.

Each Liberty Bond we hold
Is a handicap of gold
To bind the Beast forevermore in
chains.

"Bring your tithes into my store-
house," Freedom calls,
Make every hoarded dollar do its
share;
With patriotic thrill
And zeal of Bunker Hill
Roll up millions for the boys "over
there."

WHAT A BOND WILL BUY

Even a \$50 Investment Will Do Much
for Some Boy "Over
There."

When you subscribe to the next Lib-
erty Loan you not only make a good
investment, but contribute in a direct
and practical way to feeding and
equipping the army or navy.
Here are a few of the things even a
small investment in the bonds will ac-
complish. They are taken from a list
prepared by the Treasury Depart-
ment, and there are many others:
One \$50 bond will buy trench knives
for a rifle company, or 23 hand gren-
ades, or 14 rifle grenades, or 37 cases
of surgical instruments for enlisted
men's belts, or 10 cases of surgical
instruments for officers' belts.

A \$100 bond will clothe a soldier, or
feed a soldier for eight months, or
purchase five rifles or 30 rifle gren-
ades, or 43 hand grenades, or 25
pounds of ether, or 145 hot-water bags,
or 2,000 surgical needles.

A \$100 and a \$50 bond will clothe
and equip an infantry soldier for ser-
vice overseas, or feed a soldier for a
year.

Two \$100 bonds will purchase a
horse or mule for cavalry, artillery or
other service.

Three \$100 bonds will clothe a sol-
dier and feed him for one year in
France, or buy a motorcycle for a ma-
chine gun company.

Four \$100 bonds will buy an X-ray
outfit.

One \$500 bond will supply bicycles
for the headquarters company of an
infantry regiment.

KEEP THE WINDMILL GOING

Investing in Liberty Bonds Keeps the
Government's Machinery
in Motion.

Every farmer has seen a windmill.
Millions of farmers own one or maybe
two. And every farmer knows that a
windmill can't go without wind. There
is an old-fashioned expression about
"raising the wind," meaning that one
is raising the money for some venture.
Uncle Sam is raising the wind at
this time for one of the biggest jobs
he ever has had on his hands. It is
up to all of us to help out. The pur-
chase of Liberty Bonds will make cer-
tain the turning of the machinery that
will defeat the common enemy.

THE MOVIE SHOWS HELP

The motion picture exhibitors of
Los Angeles have inaugurated a move-
ment for "Liberty Loan Night," at
every theater in the city, in accom-
paniment with plans now being formu-
lated by a committee of the National As-
sociation of Motion Picture Industry.
Exhibitors throughout the United
States will be supplied with posters,
slides and other material to be used
by the theaters in this campaign.

THE PINK AND YELLOW CARD FIXES STATUS

Both Indicate Slackers, Though One
Has Subscribed—But Not
Enough.

Two colors are going to figure prom-
inently in this Third Liberty Loan
campaign, Yellow and Pink. Every
person who is financially able to buy
a bond and who refuses will have his
name recorded on the yellow card—
the slacker card.

In the last two campaigns for the
sale of Liberty Bonds there were many
persons who slipped quietly into their
banks and made a small purchase of
Liberty Bonds, when, as a matter of
fact, by reason of their financial abili-
ty, they should have bought ten times
as many bonds. Such individuals are
considered by the federal government
as slackers, just as much as are those
who can but will not buy any bonds
at all.

In order to get a permanent record
of persons of this character, the Fed-
eral Reserve Director of Sales of Iowa
has sent to every county chairman a
supply of pink cards, upon which the
names will be recorded of such per-
sons as do not do their full duty—who
do their "bit" instead of their "ut-
most."

These pink cards will be carried by
every Liberty Bond salesman, and
when an individual who ought to buy
a \$1,000 bond will only buy a \$50 bond
down goes his name on the pink card.
These cards will be handled the same
as the yellow cards—they will be re-
viewed by the county chairman and
his executive committees. The indi-
vidual will then be given another op-
portunity to increase his subscription
to its proper amount, and, failing in
this, the cards will be forwarded to
the Federal government for such ac-
tion as the Federal agents deem
proper.

Each state in each of the Federal
Reserve Districts has similar plans,
and no man may be a slacker without
the knowledge of Uncle Sam.

BARBERS WILL BUY BONDS

Union Secretary Asks Them to Share
Good Fortune With Gov-
ernment.

Union barbers in St. Louis, who re-
cently have been benefited by an in-
crease in their wage scale, are being
asked by F. A. Heller, secretary of
Local No. 102, Journeymen Barbers'
International Union of America, to
share their good fortune with their
country.

Heller is advising the more than
600 members of the local craft to in-
vest some of their earnings in Liberty
Bonds. Haircuts are now costing 35
cents.

Under the new scale barbers are
getting a guarantee of \$16 a week and
60 cents on every dollar over \$24 a
week that a barber takes in. The
"boss" barbers, or shop proprietors,
have inaugurated a higher charge on
shaves and haircuts to meet the in-
creased pay of the men at the chairs.
"There can be no better investment
than a Liberty Bond," said Heller. "I
would like to see our men, who are
now getting a share of the prosperity
which the war has brought to some
fields of industry, help our govern-
ment in turn. So I am telling them
to divert some of their earnings to
Liberty Bonds."

WHAT WE CAN DO

Prominent Kentucky Educator Points
Out Duty of American.

By FRANK L. McVEY,

President University of Kentucky.
There are a number of things that
we can do in this war. Some of us
can do all of them. Any of us can do
part of them. These things are:

1. To enlist.
2. To go in the draft.
3. To work for the government.
4. To buy bonds.
5. To save food materials and money by buying bonds.

Unless there are materials and food
the men who enlist, who go in the
draft, or who work for the government
cannot be maintained. The means by
which the government gets food and
materials and pays wages is through
the sale of bonds. This is the key,
and when the government has the
funds it can go on with the war. If
it does not have them its efforts must
cease. The duty of the patriotic citi-
zen is apparent.

WHY FARMERS MUST BUY

Besides Being Patriotic, Their Invest-
ment Provides Nation With
Shipping Facilities.

Some farmers may not understand
just what is the significance of ship-
building to them. They fail to see
how they are to be benefited when the
money they lend the government by
purchasing Liberty Bonds is spent for
ships that sail the seas they never
have seen.

Ships today are carrying our farm
products to Europe. If there are no
ships the farmer's goods never would
reach the market. If German U-boats
were dynamiting freight cars instead
of ships the farmer's crops would not
even reach the Chicago and Kansas
City markets. We must have ships to
get our produce to market. Bonds will
help build them.

CONSTIPATION

And Sour Stomach Caused This
Lady Much Suffering. Black-
Draught Relieved.

Meadowville, Ky.—Mrs. Pearl Pat-
rick, of this place, writes: "I was
very constipated. I had sour stomach
and was so uncomfortable. I went to
the doctor. He gave me some pills.
They weakened me and seemed to
tear up my digestion. They would
gripe me and afterwards it seemed
I was more constipated than before."

I heard of Black-Draught and de-
cided to try it. I found it just what I
needed. It was an easy laxative, and
not bad to swallow. My digestion soon
improved. I got well of the sour stom-
ach, my bowels soon seemed normal,
no more griping, and I would take a
dose now and then, and was in good
shape.

I cannot say too much for Black-
Draught for it is the finest laxative
one can use."

Theodore's Black-Draught has for
many years been found of great value
in the treatment of stomach, liver and
bowel troubles. Easy to take, gentle
and reliable in its action, leaving no
bad after-effects, it has won the praise
of thousands of people who have used
it.

ODD RULING IN WET CASE ENDS IN MANY ARRESTS.

(By International News Service.)

Little Rock, Ark., April 23.—The
State Supreme Court recently held
that liquor might be brought into
the State from wet States. The find-

many instances and the impression
was gained that the ruling knocked
out the State prohibition law. Al-

lating the State prohibition law have
been returned by the Pulaski county

and large numbers of other cases are
under investigation.

GYPSY SMITH THE NOTED EVANGELIST

TELLS WHY KAISER'S GOD IS
HIS DEVIL AND WHY HE
WOULD LIKE TO KILL
HIM.

(By International News Service.)

New York, April 24.—"I've been loving people all my life, but I could shoot the Kaiser and feel that I was doing a favor to God. The Kaiser's God is my devil."

Gypsy Smith, one-time vagabond, for forty years the world's greatest evangelist, and for the past three of these men-of-all work for the Young Men's Christian Association just behind the British firing lines in France, made this declaration of hate to-day with a fervor that shook the dingy red fragment stitched to the breast of his "Y" uniform.

That little red flag, already dimmed by the grimes of the trenches, where Gypsy Smith has stood side by side with the men who fought, making his "machine-gun speeches" up there where the big guns were rival orators, didn't look like much to Gypsy Smith it wasn't much. He wouldn't even talk about it.

In fact, the little red flag was nothing more than a decoration by the King of England. It wasn't just for hating the Kaiser, of course, that Gypsy Smith was honored at Buckingham Palace. Lots of folks would be wearing Victoria Crosses if they came that way. Gypsy Smith got his decoration (he has a medal besides the red fragment) for shooting the Kaiser by proxy.

For three years he has been putting new soul and spirit into the men

who are fighting the Kaiser. He has been doing it "up where the big noise is," with no thought of danger. He went through four gas attacks. Times without number he went into the trenches with the men, and for three years he was never outside the danger zone.

"It's the biggest bit of work God ever gave me to do," said Gypsy Smith yesterday. "They've got my heart, those boys of ours and those boys of yours, who are fighting without thought of being heroes. I'd rather untie their shoelaces than preach the greatest sermon in the world. I just wanted to serve them and I didn't care whether I did it washing cups or scrubbing floors or handing out chocolate or preaching."

Speaking of decorations, Gypsy Smith has his own ideas of who should get them.

WAACS MAKE BREAD FOR THE TOMMIES

The "Waacs," as the members of the British Women's Army Auxiliary Corps are familiarly called, are an important part of the British army, and they are doing great work behind the firing lines on the western front in France. This British official photograph shows a group of the women bakers who make the bread the Tommies relish so much.

there?" he said. "They all were. Every boy who goes into a trench, every man who goes over the enemy lines in an aeroplane, every lad in the navy, should have a Victoria Cross."

The swarthy face of the man who had been born in a gypsy tent and who had spent the first sixteen years of his life as a vagabond was grave as he talked of the latest word of the German advances.

"It means that this is the crisis of the war, and that every energy must be bent toward stopping the Germans," he said. "The Kaiser is a beast. His people for forty years have been fed on the belief that they must first crush the British Empire, and then 'England's spawn, the Americans.' The war must be fought to a finish. We've got to put the Germans where they are in no position to do the world further harm. The German Kaiser has perpetrated deeds that would make an honest savage bow his head with shame. Germany has shamed the soul of the whole world."

Gypsy Smith will be in America only a few weeks. During these weeks under the auspices of the Y. M. C. A., he will talk to the boys in the training camps and to other audiences of his experiences just behind the firing line. Then he is going back to his work in the trenches.

"Going back?" he said. "Of course, in a hospital in England I talked with a mere boy who had been wounded four times. He was all shot to pieces. When I was leaving after a long talk with him, I said 'Well, sonny, where will we meet again?' His eyes flashed. 'In France, sir!' he said. 'Surely you don't want to go back to France?' I asked him. Ah, don't I? he said. 'Where else is there for a man these days?'"

No new religion will come out of the war, Gypsy Smith thinks, but a great renewal of the old faith. Every man is a believer in God over there, where the heroism of the

trenches and the self sacrifice of war have taken him back to realities.

"Just behind the Firing Lines in France" will be the topic on which Gypsy Smith will speak to the soldiers in various training camps in the United States and to other audiences.

BENEATH STAMP WAS MESSAGE—"THEY HAVE CUT OUT MY TONGUE."

(By International News Service.)

Auburn, Neb., April 24.—Just before Dr. Wilkie, a well-known physician of this city, went to war he told relatives that if he was ever captured by the Germans he would communicate with them, and that they must look under the postage stamp to get the real conditions if harm befell him.

A few days ago the family received a letter from him, written from a German prison camp. It was the stereotyped message, saying he was well, etc. Much of it was deleted by the censor.

The letter was laid aside until some one remembered what the doctor had said about a message under the stamp. The stamp was carefully removed. Under it he had written these words:

"They have cut out my tongue."

WOMEN OBJECT TO BEING CALLED "WEAKER SEX"; MAKE GOOD AS GUARDS.

(By International News Service.)

New Britain, Conn., April 23.—When a woman was appointed as a railroad crossing gate tender and a local reporter referred to the supplanting of a "mere man" by the "weaker sex," the item drew fire, both from the male gate tenders on duty and a score of women who objected to the reference to their sex as the weaker of the two. Nevertheless, it is reported that the New Haven road is entirely satisfied with the first woman gate tender and will supplant other men if the war makes it necessary.

JOE KELLY BACK HOME.

April 22, 1918.

My Dear Papa:
Well I am back to the good old
U. S. A. after nearly four months in
foreign waters and needless to say
I am glad to be here for awhile any-
way.

Am well as I can be and weighing
164 lbs. I was up to 170 when we
left Italy but lost it coming across.
I suppose it was on account of losing
sleep, you see we stand watches of
four hours on and four hours off
and are required to keep our clothes
on when we do sleep.

We had quite an interesting as
well as a tiresome trip.

We were in Gibraltar for five days
on the way over, one day in Spezia,
Italy, three weeks in Leghorn, I., and
four days in Genoa. While in Leg-
horn some of us took a few little trips
around the country going to Pisa,
Florence and Rome. The first night
we were in Rome Austrian aero-
planes dropped a few bombs just out-
side of the city but did no damage;
the next night they raided Naples
as you probably have read.

We left Genoa on the 23rd
arriving at Gibraltar on the
28th staying there until the second
inst. leaving then for New York, ar-
riving here the 19th. The weather on
both trips across the Atlantic made
trips rough and extremely cold; the
sleet and rain driving in our faces
made it very disagreeable to stand
watches, but the weather in the
Mediterranean sea was great and the
scenery beautiful (you see we travel-
ed along the coasts of Spain and
France very close as it was safest)
and it made the hunt for subs more
pleasant.

In our trips in the Atlantic we
were alone but in the Medit. sea
we traveled in convoys. Our skip-
per, who is a civilian, would say most
every day or so "Gee, I'd like to get
a pop at a sub," he never seemed
to worry over a sub popping him.

You asked if there were a priest
on board. No there isn't, you see
we are not on a man of war, we are
on a merchant ship, the crew is made
up of civilians but the Navy has
about 24 of us on it as gun crews
man the two guns in case of trouble,
of which fortunately we had very
little.

When we arrived in N. Y. we re-
ceived mail for the first time in four
months and I wish you could see this
bunch, from the looks of our quar-
ters you would think that it was the
Secretary of State's office. You can't
realize what a word from home means
to a fellow.

We haven't received all our mail as
yet but will round it up in time. Re-
ceived Elizabeth's letter and will an-
swer it right away. Give her and Aunt
Mary my best love.

Can't say when we will start across
again, but it will be pretty soon.
We expect to go to Phila. in a few
days where the ships will take on car-
go. We all trust to the Lord it won't
be ammunition and dynamite, but as
some one has to take it across it
might just as well be us.

Wish I could explain everything in
detail pertaining to our trip and the
conditions abroad but it would have
me writing a book so you will have to
wait until you see me, which will be in
a few months (with God's help) be-
cause I am going to ask for a fur-
lough. I guess I could get one now
but I am afraid that I might not
make it back in time for our ship and
I don't want to be transferred, any-
how I spent most all my money in Italy.

I'd give most anything in the world
to see you, and I know you would
love to see me, so it will be the first
thing on mind at all times until we
meet again.

Closing with the best of love to you
and Tom and thanking you for your
papers. I remain,

Your loving son,

COWHERD SALE BIG SUCCESS

223 HEAD LIVE STOCK SOLD YES-
TERDAY OFF JESUP FARM
IN TODD COUNTY.

One of the largest individual stock
sales ever made in this section was
made yesterday on the old Jesup
farm just over the line in Todd coun-
ty by W. A. Cowherd. The sale con-
sisted of live stock as follows:
81 head sheep and lambs.
10 head horses and mules.
66 head stock hogs—shots.
66 head of cattle.

In addition to the live stock about
100 barrels of good corn, 25 bushels
of stock peas, and a quantity of good
baled clover and pea hay. Every-
thing brought very satisfactory prices
except two or three items for which
there seemed to be little demand.

The total amount of the sale is
more than \$8,800. The principal
items of the sale were 47 sheep and
34 lambs sold together for \$1,350,
thirty-three steers sold to the West-
ern Kentucky State Hospital for \$2,
550, 19 white-faced heifers sold sin-
gle, six mules and a saddle horse sold
single, and 5 pens of hogs. The large-
est purchaser of the day was the
State Hospital which bought 34 head
of hogs in addition to the 33 head
of cattle. These hogs will be fed the
slop and refuse accumulating at the
asylum.

A large number of buyers were
present and they kept Col. Tribble,
the auctioneer, working hard and fast
to catch all bids and not overlook
anyone. One thing particularly no-
ticeable at yesterday's sale was that
practically everything was purchased
by local people and will be kept in the
community for the increase.

Yesterday's sale consisted of the
surplus which Mr. Cowherd had ac-
cumulated and he has much fine cat-
tle, hogs, etc., left on this fine farm.

PRINCESS TODAY.

John Alton, a conscientious paci-
fist, at a time when he is angered
by the scorn of his patriotic friends,
and dejected by the loss of his sweet-
heart, Barbara Norton, who considers
him a slacker, is induced to read Ed-
ward Everett Hale's famous story,
"THE MAN WITHOUT A COUN-
TRY," and the incidents seem to him
like a replica of his own life in a
previous existence. As Lieutenant
Philip Nolan, U. S. A., he sees him-
self on trial for the identical cause
against the United States, uttered
by himself; then condemned to pass
the rest of his life as an unshackled
prisoner on board a warship without
ever hearing of the country to which
he belonged; and eventually dying in
his cabin with a benediction for the
flag of the United States.

The visualization of the story
quickens in John Alton the dormant
sense of responsibility to his country
and he becomes a recruit at Fort Slo-
cum.

Meanwhile Barbara has been a Red
Cross nurse in France. The ship on
which she is returning to America
is attacked by an enemy submarine,
and the wreck floating in mid-ocean
presents a triumph to film realism.
Whether Barbara was saved from the
wreck to resume the interrupted ro-
mance with her former lover is fully
revealed in the final reel. Apart from
its stirring patriotic spirit the picture
offers seven reels of engrossing en-
tertainment.

REX TO-DAY.

Olive Thomas gave spectators a
real thrill, especially the owner of
a large limousine she was driving,
when she crashed through a fence in
front of the Culver City studios. The
only one who seemed pleased with
the accident was her director, Jack
Dillon, for it all happened during the
filming of the latest release, "Lim-
ousine Life," and was called for in
the script. The cameraman who was
registering the accident had to do a
leap for life a second later, for Miss
Thomas failed to check the heavy
car in the allotted space and crashed
over the spot where the camera man
had been standing. Both camera and
operator escaped injury.

THE SHIPYARD SERVICE.

The Department of Labor at Wash-
ington announces that a total of 270,
000 men enrolled as shipyard volun-
teers during the campaign which was
conducted about two months ago.
These records have just been checked
over by the clerical employees of
the department and the figures com-
piled. Christian county as is her cus-
tom, patriotically rallied to the Gov-
ernment's appeal and enrolled 100 in
the U. S. Working Reserve and Ship-
yard Volunteers. None has been
called yet.

MATERIALS ARE NEEDED

LADIES OF THE COUNCIL OF DE-
FENSE NEED MORE FOR
BELGIAN ORPHANS.

The local branch of the Woman's
Council of National Defense is doing
a great work in providing garments
for French and Belgian orphans. The
appeal last week brought generous
responses in materials from mer-
chants and charitable people gener-
ally and the call for workers to make
up the garments yesterday brought
such a throng of them that all ma-
terials were cut out and placed. The
cutting committee will work again
today with purchased materials and
money is wanted to buy these with.
The ladies of the county are taking
a deep interest in this work. Many
bring in garments as good as new
and these too are thankfully received.
One lady yesterday brought in six
new dresses with pockets, each pocket
containing a little gift, for a four-
year-old child and an entire baby out-
fit. The demand for these garments
is without limit and the finished ar-
ticles are forwarded to the national
organization and through them reach
the little orphans. If you feel like
helping in this noble work, phone Miss
Lotta Gunn.

A great deal of interest on the part

of several millions started 5 years
ago. Every member of every Chris-
tian church in the county is urged
to meet with the Ninth Street church
next Sunday morning. A representa-
tive from each church will make a
brief talk. Various members of
Ninth Street Christian church have
visited Pembroke, Rich and Liberty
and other visits to other places are
contemplated. But it is the earnest
desire of the local church to have a
large representation from every
church in the county present next
Sunday morning. The service will be-
gin promptly at 10:45.
